Grade Rods

Crain/Seco Grade Rods

7301-50/7321-50	Seco 16ft. Aluminum Rod - Engineer/Inches	1	\$59.99/\$59.95
92021/92022	Crain CR 13ft. Fiberglass Leveling Rod - Engineer/Inches	1	\$81.20
92041/92042	Crain CR 16ft. Fiberglass Leveling Rod - Engineer/Inches	1	\$115.25
92031/92032	Crain CR 20ft. Fiberglass Leveling Rod - Engineer/Inches	1	\$126.35
98010/98011	Crain SVR 25ft. Fiberglass Leveling Rod - Engineer/Inches	1	\$203.45
90004	Crain LR-STD 25ft. Fiberglass Round Rod - Engineer	1	\$279.50
90022	Crain LR-PRO 25ft. Fiberglass HD Round Rod - Engineer	1	\$295.00
90024	Crain LR-PRO 35ft. Fiberglass HD Round Rod - Engineer	1	\$486.00
90026	Crain LR-PRO 45ft. Fiberglass HD Round Rod - Engineer	1	\$582.95
91258	Crain 5/8in. x 11in. Prism Mounting Adapter Kit	1	\$20.60

LaserLine Manufacturing, Inc. Leveling/Laser Rods

GR1000/GR1000T	LaserLine Lenker-Style 10ft Laser Rod (ft, 10ths, plus cut/fill)	1	\$210.00
GR1000I /GR1000ICF	LaserLine Lenker-Style 10ft Laser Rod (ft, in, cut/fill)	1	\$210.00
GR1450/GR1450T	LaserLine Lenker-Style 15ft Laser Rod (ft, 10ths, plus cut/fill)	1	\$295.00
1000-1301 /1000-1302	LaserLine 10ft (3m)/15ft (5m) Laser Rod Carrying Case	1	\$35.00/\$45.00
1000-1026	LaserLine 10ft (10ths) Replacement Tape	1	\$65.00
B-STORM	LaserLine Rod Bracket (HL700/750/450 & Rod Eye Digital Receiver)	1	\$73.00
B1/UB-1	LaserLine Universal Rod Brackets	1	\$73.00/\$75.00

Tripods & Tripod Accessories

CST/Berger Tripods & Accessories

60-ALQRI20-BPL	CST/Berger Aluminum Quick Clamp Tripod	1	\$79.50
60-FGHD20	CST/Berger Heavy Duty Fiberglass Tripod w/ Quick Clamp	1	\$123.00
60-WDF20	CST Wood Fiberglass Leg Tripod w/ Logo	1	\$142.00
60-ALQRI20ELAZ	CST/Berger Elevating Tripod w/ Quick Clamp	1	\$210.00

Crain, Nedo, Seco & SitePro Tripods

5610-00	Seco HD Aluminum Tripod Stabilizer	1	\$97.13
01-RHIVIZ20-B	SitePro Salamander Series Tripod-Robotic Composite	1	\$149.95
90553-PL	Crain Tri-Max Dual-Clamp Tripod	1	\$315.00
5321-17-ORG	Seco Heavy-Duty, Extra-Tall Elevator Tripod - Orange	1	\$373.07

3D Laser Scanner Tripods & Acc.

6704-10	Seco Scanning Spheres Hard Case (Fits 3 Spheres)	1	\$849.75
210710	Nedo Industrial Line Elevating 3D Laser Scanner Tripod	1	\$1,250.00

Leica Geosystems Tripods

757938	Leica Geosystems TRI 100 Tripod w/ Tilting Head	1	\$107.00

Tape Measures & Measuring Wheels

PIPE-MIC II Pipe Invert Measurement Solution

- Measurements are more accurate because you are measuring with a vertical plumb rod.
- Made for 25' SVR, USL rods and our new double sided PIPE-MIC II rod.
- Made of lightweight (two pounds) non-rusting aircraft aluminum.
- No tools needed to attach to rod. *Slides on and off in seconds.
- Slices through material at bottom of pipe for accurate invert and pipe diameter measurement.

1702PM2	PIPE-MIC II Pipe Invert Solution w/ Zero and 1ft Vertical Offset Positions	1	\$215.00

Easy-Off Manhole Cover Remover

Operating Instructions:

1. Secure the "J" hook through the hole of the manhole cover.
2. Position shaft over manhole, take up the chain slack and attach to "S" hook
3. Pull back on Easy Off handle, displacing cover.
4. Move tool away from manhole until chain is tight and repeat. *It's that easy!*

Easy-Off Manhole Cover Hook

This tool is designed to remove stubborn manhole covers manually. Just insert the hook under the groove of the lid and pull upwards. The hook is made of high-grade hexagon tool steel that has been properly hardened to prevent bending under stress.

273995	Easy-Off Manhole Cover Remover	1	\$136.50

ZIPLEVELS

PRO-2000	ZIPLEVEL Pro 2000 Elevation w/ Accessories	1	\$899.00
----------	--	---	----------

Introducing the ZIPLEVEL!

Set up in Seconds, Finish in Minutes, by YOURSELF!

Unpack, Power-On, & Zero at a Reference Point

Read Deviations from Level Plane

Pack-Up & Go!

Impact & Water Resistant
 Single Setup Vertical Range of 40ft Over a 200ft Circle
 Jobsite Rugged Operation -22°F to +158°F for Months on 19V Battery

Included Unipod Lets You Measure While Standing

Displays Elevations in Your Preferred Scale

Unlike a rotary laser, ZIPLEVEL® lets you truly work alone to quickly and easily level and read elevations directly in unmistakably clear digits. NO MORE rods, tripods, sensors, line-of-sight, error with distance, factory calibration or tedious computations. Now you can measure over any distance or elevation on earth, from paper thickness to the height of a mountain without error-inducing tabulation or math. **To Learn More, Contact: 412.861.6534!**

Construction Layout Solutions

Leveling Lasers

Rugby 610 & 620

Key Features:

- One-button operation
- Superb performance w/ Rod Eye receivers
- Wide working range of 2,000ft (600m) using Rod Eye 140/160 receivers
- IP67 Rating
- Self-leveling
- 40-60 Hour operation

Rugby 610
(PN: 6011150)
PLI PRICE:
\$814.00

Rugby 620
(PN: 6011152)
PLI PRICE:
\$1,134.00

LL300N & LL300S

Key Features:

- Accuracy of $\pm 3/32$ in @ 100ft (± 2.2 m @ 30m)
- LL300N w/ HR320 (PN: LL300N-8)
PLI PRICE:
\$672.00
- LL300N w/ HL450 (PN: LL300N)
PLI PRICE:
\$752.00

Construction Layout Solutions

Interior Lasers

(Available in Both Red & Green Laser Beams)

LT20G & LT52G

Key Features:

- High-visibility green laser beams
- Wide fan beam angles for maximum coverage
- Versatile accessory can be used for any application including magnetic mounting, ceilingtrack mounting and tripod mounting
- Rugged, robust design
- Includes a soft pouch w/ belt loop, target, mag. bracket, ceiling mount, mounting strap, and batt.

LT20G (GREEN)

(PN: LT20G)

PLI PRICE:
\$214.50

LT52G (GREEN)

(PN: LT52G)

PLI PRICE:
\$384.25

LT56 & LT58G

Key Features:

- 360 Degree beams
- Li-Ion batteries for 25+ Hrs of operation
- Auto self-leveling
- Optimized for ceiling work w/ mounting acc.
- Compensator lock and hard-shell case
- Optional HR220 for exterior applications
- Survives 3ft (1m) drops onto concrete

Leveled Price!

LT56 (RED)
(PN: LT56)

LT58G (GREEN)

(PN: LT58G)

PLI PRICE:
\$549.00

LP51G

Key Features:

- High visibility beam
- Automatic self-leveling and plumb
- Fast, one-person 90 degree layout
- Accuracy of 3/16 inch @ 50ft (3mm @ 10m)
- Working range up to 100ft (30m)
- Dust, water and shock-resistant
- Protective rubber over-molding withstands a drop of up to 3ft (1m) onto concrete
- Compensator lock for non-level applications
- Ships complete in soft pouch w/ mag. mounting accessory, target and x2 AA batteries

LP51G (GREEN)

(PN: LP51G)

PLI PRICE:
\$200.50

HV302 & HV302G

Key Features:

- High-visibility beam
- Line scan and beam plunge feature for easy drywall work
- Rotor vial for easy and accurate vertical plumb
- Preset adjustable rotation speed and scan line sizes to fulfill all interior application needs
- Increases flexibility w/ long range radio remote
- Fast setup, fewer parts and auto self-leveling

HV302 (RED)
(PN: HV302-1)

PLI PRICE:
\$1,095.00

HV302G (GREEN)

(PN: HV302G-1)

PLI PRICE:
\$1,250.00

Rugby 640G

Key Features:

- Self-leveling, horizontal, vertical, 90 degree and manual slope in dual axis
- Accuracy of $\pm 2.2\text{mm}$ @ 30m ($\pm 3/32\text{in}$ @ 100ft)
- Range of 400m (1,300ft)
- Scan 90 – make layout easier by quickly moving the beam 90 degrees to the left or right side
- Plumb Down – auto and accurate plumb down direction for alignment over a reference point
- Work conveniently with offsets thanks to the Rod Eye receivers digital read-out

Rugby 640G (GREEN)

(PN: 6011836)

PLI PRICE:
\$1,595.00

Option A: SP FOCUS 35 RX w/ Layout Pro Robotics Package

SUMF-35005	Spectra Precision Focus 35 RX 5" Robot w/ 2x Li-Ion Batteries, Charger, Case & 360° Prism
ST10-C11-001	Spectra Precision DC-ST10 Tablet w/ 4G, 2.4GHz Radio & Layout Pro Software
670101-12	ST10 Pole Mount w/ Quick Release
88400-03-SPN	Spectra Precision 2.6m Telescopic, Carbon Fiber Pole w/ Snap Lock; Calibrated for 360° Prism & Adapter
01-RHIVIZ20-B	SitePro Salamander Series Tripod

Complete Package: \$24,803.00 ^{+tax} (\$1,181.10 per month*)

Additional Options:

Training (On-Site or Office): \$1,200.00 Per Day**
Layout Pro Office Software (PN: 63820-10): \$795.00
Warranty - FOCUS Robotic & Data Collector, Plus Software System (Call 724.266.1600 for Details)

**Within 30-mile radius of PLI locations.

0% Financing for 24 Months*!

Terms & Conditions

Through Trimble Financial Services, we offer competitive rates, flexible terms, fast response, as well as great service! There are several advantages to our finance programs: We can help you improve cash flow, it's very flexible and you can get 100% financing. In addition, our leasing and finance are easier and faster than bank financing, and may provide you with tax benefits.*** Ask your sales rep. for more info on the tax benefits of financing or leasing.

*Trade-in and rent-to-purchase option not available with this offer

*Payment listed is before applicable taxes and is subject to credit approval.

*10% Down payment is required at listed price.

*\$100.00 Doc Fee due with advance payment

***Offers valid through 9/30/20.**

***We recommend that you consult your tax advisor to find out the tax benefits specific to your business.

Construction Layout Solutions

Two-Person Construction Positioning Packages

Revision
6.25.20

Two-Person Construction Layout Package Option B: NPL-322+ w/ Layout Pro Construction Layout Package

HQA46710	Nikon N Series 5" (Includes: 1x Tribrach, 1x Hard Case, 1x Shoulder Strap, 1x Li-Ion Battery, 1x USB Charger, 1x USB Charger Cable, 1x Rain Cover, 1x Lens Cap, 1x Adjustment Pin Tool, 1x Allen Wrench)
ST10-010-001	Spectra Precision ST10 Tablet
10-5360	Universal Cradle/Pole Clamp
D11145	Adapter, 1/25mm OD to 11/4 OD
N/A	Training, 1/2 Day On-Site or Office (within 30-Mile Radius of PLI Locations)

Complete Package: \$8,950.00 ^{+tax} (\$426.19 per month*)

Two-Person Construction Layout Package Option C: NPL-322+ P w/ Layout Pro Construction Layout Package

HQA46730	Nikon K Series 5" (Includes: 1x Tribrach, 1x Hard Case, 1x Shoulder Strap, 1x Li-Ion Battery, 1x USB Battery Charger, 1x USB Charger Cable, 1x Rain Cover, 1x Lens Cap, 1x Adjustment Pin Tool, 1x Allen Wrench)
ST10-010-001	Spectra Precision ST10 Tablet
10-5360	Universal Cradle/Pole Clamp
D11145	Adapter, 1/25mm OD to 11/4 OD
N/A	Training, 1/2 Day On-Site or Office (within 30-Mile Radius of PLI Locations)

Complete Package: \$7,825.00 ^{+tax} (\$372.62 per month*)

0% Financing for 24 Months*!

0% Financing for 24 Months*!

Included w/ Two-Person Packages at NO CHARGE!

\$500.00+ Value, INCLUDED!

6405-01-FOR	Seco 25mm Stake Out Prism - Flo. Orange
5540-10	Seco 8.5ft Ultralite Prism Pole
01-RHIVIZ20-B	SitePro Salamander Series Tripod

Build Construction Solutions

BuildingPointTM Ohio Valley

WWW.BUILDINGPOINTOHIOVALLEY.COM

BuildingPoint Ohio Valley is your local Trimble Distribution Partner for Trimble Buildings' portfolio of build construction solutions serving the Ohio, Pennsylvania and West Virginia area as part of a large, global network.

Our team of experts is dedicated to modernizing the construction industry, making it more productive and efficient through the utilization of cutting-edge hardware, software and services streamlining communication and collaboration.

We strive to support the Design-Build-Operate life-cycle, to make work simpler for all involved, from Architects, MEP Professionals, Construction Managers, and General Contractors, and give them the power to achieve greater success.

We're committed to continually improving the construction industry through advanced and intuitive technologies designed to increase accuracy, boost productivity and provide greater business success for our customers.

Proudly Serving Western PA, Ohio & West Virginia.

Build Construction Solutions

RPT600 Layout Station

- Automates measuring of distances/angles
- Full 300° of tilt for overhead measurement
- Positioning done right from the controller
- Work directly from a 2D model or plan
- High-visibility green beam laser dot
- Measuring done without a prism

RTS Robotic Total Stations

- MagDrive for max speed/efficiency
- Passive and active prism tracking
- Auto correction for unwanted movement
- Class 2 laser pointer for quick layout
- Video-assisted robotic measurement
- Data overlay and photo documentation

X7/TX6/TX8 3D Laser Scanners

- 360° x 317° field of view
- Completes a 34 million point scan in 3 Minutes, 138 million 6 minutes (TX6)
- Measure 1 million points a second (TX8)
- Range of 80m with an optional upgrade to 120m (TX6) or 340m (TX8)

SPS986 GNSS Smart Antenna

- No need for line-of-sight with a tripod
- Centimeter-level horizontal accuracy
- Same software/controller as RTS series and other layout instruments
- Supports signals from all planned and existing satellite constellations

Field Link Software

(PN: TFLFFICE-GC)

Trimble Field Link is the definitive construction layout software solution designed specifically for contractors. Featuring the right combination of tools for each layout job, this unified combination of hardware and software increases productivity and accuracy in the field, reduces rework, provides easy-to-use, task-based workflows and also delivers a greater return on investment.

Available in Base, Core and Advanced Versions!

- View/execute stakeout in 3D BIM models
- View point attributes created in the office
- Collect field point deviations within stakeout routines and export to use in BIM detailing solutions back in the office
- Create design locations from CAD such as endpoint, midpoint, arc/circle, etc.

All Equipment Available for Daily/Weekly/Monthly Rental!

Geospatial Positioning Equipment & Accessories

NEW!

Trimble X7 3D Laser Scanner

High-Speed 3D Scanning Made Simple

SIMPLE

- ▶ Reliable field workflows suitable for all users
- ▶ Perspective software to operate, manage, view and validate scan data
- ▶ Fast image capture with Trimble VISION technology

SMART

- ▶ Breakthrough innovations for reliable data collection
- ▶ X-Drive deflection system enables auto calibration to ensure accuracy on every scan w/ no downtime for calibration service
- ▶ Registration Assist for automatic registration, refinement and reports
- ▶ Automated survey grade self-leveling

PROFESSIONAL

- ▶ Reliable IP55 rating and industry leading 2-year standard warranty
- ▶ High-sensitivity EDM to effectively capture dark and reflective surfaces
- ▶ Flexible workflows and data integration

Trimble SX10 Scanning Total Station

Superior Surveying & Scanning in One

Key Features

- ▶ Combines surveying, imaging and high-speed 3D scanning in one revolutionary solution
- ▶ Trimble Lightning 3DM enables both high-accuracy measurements and high-speed scanning
- ▶ Scanning speeds of up to 26,600 pps at ranges up to 600m and a mere 14mm at 100m
- ▶ Improved Trimble VISION technology for fast, easy capture of high resolution site imagery
- ▶ Complete integration with workflows of Trimble Access and Trimble Business Center Software

Geospatial Positioning Equipment & Accessories

R12 GNSS Receiver **NEW!**

Go Further with the Power of the Trimble R12!

Key Features

- ▶ Trimble ProPoint GNSS positioning engine. Engineered for improved accuracy and productivity in challenging GNSS conditions
- ▶ 672-Channel solution w/ Trimble 360 satellite tracking tech.
- ▶ Trimble SurePoint tilt compensation and precise position capture
- ▶ Trimble xFill correction outage technology
- ▶ Support for RTK level precision Trimble CenterPoint RTX corrections technology
- ▶ Optimized for Trimble Access field software
- ▶ Android and iOS platform support
- ▶ Cellular, Bluetooth, WiFi data connectivity
- ▶ Military-spec rugged design and IP67 rating
- ▶ Ergonomic form factor
- ▶ All day battery w/ built-in status indicator

The R12 is engineered for improved performance in challenging GNSS conditions with ground-breaking signal management and rugged durability. Get ready to go further than you ever thought possible!

R8s GNSS Receiver

Configured Today, Scalable Tomorrow

Key Features

- ▶ One configurable receiver that is scalable for future needs
- ▶ Available in post-processing, base only, rover only or base and rover
- ▶ Advanced satellite tracking with Trimble 360 receiver tech.
- ▶ Includes Trimble Maxwell 6 chips with 440 channels
- ▶ Simple integration with Trimble S-Series Total Stations
- ▶ Intuitive Trimble Access Field Software and Trimble Business Center Office Software

Hydrographic Surveying Solutions

HydroLite-TM Echosounder Kit - Call 724.266.1600 To Learn More!

The HydroLite-TM should be included in every Survey and Engineering company's standard equipment kit for hydrographic surveying. Developed to meet the requirements of the U.S. Army Tactical Dive Teams, the rugged, wireless HydroLite-TM looks and feels like your traditional survey instrument. It quickly measures and logs depths more accurately than standard systems, making fast work of ponds, rivers, lakes and more!

Key Features:

- Portable, integrated hydrographic survey solution
- Adaptable to any vessel
- Wireless data transfer
- Meets IP65 standards
- Quickly export xyz data

Specifications:

- Frequency 200-KHz
- Beam width: 4°
- Ping rate: 6-Hz
- Depth accuracy: 1cm / 0.1% of depth
- Output formats: NMEA, ASCII, Quality
- Range: 0.3m-75m

GPS & Data Collector Sold Separately

Scope of Supply:

- Sonarmite echosounder kit
- Hydrolite boat mount/pole kit
- Rugged shipping case
- User/training manual
- 1-Year support and warranty

Optional:

- Coast Guard beacon receiver
- PC data acquisition
- Digital bar check
- Tide gauge

**Available for
Rental!**

HyDrone-RCV - Call 724.266.1600 To Learn More!

The HyDrone-RCV is a hand-portable, remotely controlled catamaran platform developed for bathymetric survey applications. Working in conjunction with the HydroLite-TM portable echosounder kit, the HyDrone-RCV accomplishes the same results as more expensive RC survey systems. The lightweight, wide profile and watertight construction provide stability, ruggedness and portability. It is manufactured from high quality marine materials and components, and easily disassembles for transport and shipping. Work environments include mines, sewage treatment plants, contaminated lakes, harbors and rivers. Remote control access of the survey boat is easy using a high-power remote control system that offers up to 2km range with a survey endurance of over four miles on a single battery pack.

Scope of Supply:

- 2x12m catamaran pontoon hulls
- Two 12V DC shrouded thrusters
- 12V battery bank and charger
- 1 Year standard warranty
- Cross frame
- Handheld remote control unit
- Custom-fit portable shipping case
- Lifetime support

Optional:

- Sound velocity profiler (SVP)
- Radio telemetry
- HYPACK software
- AutoNAV AutoPilot Module with Mission Planner App on PC Laptop
- RTK GPS
- Side scan sonar module
- HydroLite-TM

GNSS Receivers

SPECTRA[®]
GEOSPATIAL

(PN: 104234-03)

PLI PRICE: \$9,895.00

0% for **12**
Financing Months*!

SP60 GNSS Receiver

Key Features:

- 240-Channel 6G ASIC
- Z-Blade GNSS-centric technology
- Both RTK and Trimble RTX capable
- Anti-theft technology
- Optional Long-range Bluetooth or UHF radio
- Extended survey scalability

Simply Versatile

The SP60 is a new generation GNSS receiver offering a high level of flexibility to cover any demand, from GIS to more sophisticated RTK and Trimble RTX capable solutions.

SPECTRA[®]

- Built-in redundancy to ensure connectivity, consistency & quality
 - Cost-effective & simple to use
 - Professionally-managed & secure
- Streamlined workflows, done right the first time

What Are VRS Corrections?

A VRS system is one option for providing real-time differential correction to a GNSS receiver. It is the most commonly used technology behind most network correction services worldwide.

Corrections are necessary to eliminate errors and improve the accuracy of GNSS positions in collected data. VRS corrections are available from a variety of public and commercial services.

VRS networks and subscription services provide dual-frequency (L1/L2) real-time differential GPS (DGPS) and in many cases DGNSS (GPS and GLONASS) corrections for accuracy as data is collected.

A VRS service uses data from several (permanent) reference stations to compute corrections that are generally more accurate than corrections from a single reference station. Corrections are then broadcast over the Internet.

Why Do I Need VRS Corrections?

The use of VRS corrections helps ensure the accuracy of GNSS data, independent of the distance to the nearest reference station.

Aren't VRS Corrections Just for Surveyors?

The need for reliable and accurate positioning is not limited to surveying!

Today, a variety of industries including electric and gas utilities, water and wastewater services, and land management projects require mapping products that provide decimeter or better accuracy positioning in real-time.

How it Works:

Trimble Forensics

Collect. Document. Analyze.

Crashes. Crime Scenes. Security.

A Powerful Solution for Today's World

Trimble Forensics is a powerful package of hardware and software designed specifically to help law enforcement and private sector security agencies handle the toughest information-collection challenges. It comes with unparalleled service, training and local support from experts who understand and embrace the law enforcement mission.

Featuring a broad selection of survey total stations, scanners, GIS/mapping data collectors and software, Trimble Forensics enables law enforcement personnel. Furthermore, Trimble Forensics scanners and software, including an exclusive SmartRooms feature that automates the creation of animations and drawings of complex rooms and buildings, make it easier for security planners to protect facilities and people.

Contact Your Local PLI Sales Rep. or Call 724.266.1600 To Learn More!

STEP ONE:

Choose the field capture hardware that fits your operation.

STEP TWO:

Select the field collection device designed for the way you work.

STEP THREE:

Pick the right software for the field and office.

Sales Service Rentals Training Support

A Dedicated Business Partner & One-Stop Shop

We are Precision Laser & Instrument, Inc., an "Authorized Distribution Partner" of Trimble equipment and accessories. Our company provides comprehensive positioning solutions for the Construction, Surveying and GIS industries by offering:

- **Sales** of top-quality laser, optical and positioning equipment, field supplies and accessories
- **Service** centers that have made us a "Preferred Service Provider" and "Authorized Warranty Center" for manufacturers including Trimble®, Spectra Precision®, Nikon®, CST/Berger®, Leica®, AGL®, Apache® and PLS®
- **Rentals** with a "Rent-to-Purchase" (Credit Option) for cost-effective solutions to supplement existing equipment
- **Training** and **Technical Support** that is available with every sale or rental made, and that can be customized by length and location to fit all of your job-specific needs

Rod Creese (Partner), Rob Barth (Partner),
Mark Maximovich (VP of Operations & Finance)

Our Purpose

"We will provide sales, rentals, service and "concept to completion support" of the highest quality laser, optical and GPS equipment and related technologies through strong, long-term relationships with our customers."

Our Role

"We are trusted partners in your business, committed to providing the expertise and domain knowledge to meet your full range of equipment needs long after the initial sale."

Our Promise

"We will go beyond selling a product to offer a complete, customized solution, ensuring maximum return on your equipment investment and ultimate business success."
