## Take control of the way you work.

Surveyors around the world trust Trimble's high-performance total station surveying solutions to maximize productivity today while offering scalability to adapt to future challenges and opportunities. Streamline your workflows and deliver maximum quality with precision optics and robotics.

# Trimble Total Station Portfolio

MECHANICAL	SERVO with AUTOLOCK	ACTIVETRACK	ROBOTIC	SCANNING TOTAL STATION
<b>Trimble C Series Mechanical Total Stations</b>  <p>Dual face on-board displays or remote connection to handheld controller</p> <p>Trimble C3, C5 and C5 HP: Mechanical Total Stations</p> <p>Trimble® C Series Mechanical Total Stations are durable, efficient, highly precise instruments that work as hard as you do. By combining superior optics and autofocus with a rugged, lightweight, user friendly design, the C-Series stations deliver exceptional performance making field work faster and more productive.</p>	<b>Trimble S Series Total Stations</b>  <p>TCU5 controller (on-board)</p> <p>Trimble S5, S7, S9 and S9HP Total Stations: Servo with Autolock standard on all models</p> <p>Trimble S5, S7, S9 and S9HP Total Stations: Activetrack standard on all models. Standard or upgradeable on Trimble S5 Instruments.</p> <p>Trimble S Series Autolock® Total Stations are ready to work with you. With your choice of Tracklight®, VISION™ or Long Range Finelock™ technology technology (model dependant). Combined with the Trimble TCU5 controller, experience the freedom of Total Control.</p>			<b>Trimble SX12 Scanning Total Station</b>  <p>TSC7, T10, T7 handheld controller</p> <p>Trimble SX12 Scanning Total Station: VISION, and Robotic come standard. Laser pointer standard or upgradeable.</p> <p>The versatile SX12 solution is capable of collecting any combination of high-density 3D scan data, Trimble VISION imagery, and high-accuracy total station data, allowing you to capture exactly what you need, saving you time and money on every job.</p>
			<p>TCU5 controller (Robotic Holder or on-board)</p> <p>TSC7, T10, T7 handheld controller</p> <p>Trimble S5, S7, S9 and S9HP Total Stations: Robotic standard on all models, or service upgradeable.</p> <p>Trimble S Series Robotic Total Station gives you the full freedom and flexibility for all your work. Move the controller out to the pole for control where you work. Aiding with correct data input, easier point coding and faster guidance for setting out.</p>
